[Verse 1:]

I can't see how anyone could ignore ya  
Girl you got my mind going outta me  
Girl let me admit that i do adore ya  
Cuz there's a lock box to my heart and you're the key  
Well look at her and it's a fact why all the dogs chase  
the cat  
Can't help but to want a girl like that cuz she be the one  
for me (the one for me)  
Every time you come around me you give me this  
feeling  
A feeling I've never experienced Girl I don't know much  
about it  
But I'm such a curious guy let's give love a try

[Chorus:]

So Incredible  
The way I feel inside  
No need to try and hide it  
Could it be your smile that got me feeling  
So, so Invincible girl you're so incredible (incredible)

[Verse 2:]

I know you heard it all before  
But believe me when I say most of these chicks are  
boring  
Compared to you there not the same (same)  
You're all I ever need and more  
That's why I ain't playing no games  
Throwing away my compass I'm done explorin'  
Girl let's fly away, search the globe and the seven seas  
Tryna find the joy that she brings  
Love is blind but truly I can see that she's the one for  
me (the one for me)  
Every time you come around me you give me this  
feeling  
A feeling I've never experienced Girl I don't know much  
about it  
But I'm such a curious guy let's give love a try

[Chorus:]

So Incredible

The way I feel inside  
No need to try and hide it  
Could it be your smile that got me feeling  
So, so Invincible girl you're so incredible (incredible)

[Bridge:]

Can't stop thinking bout you baby  
You're on my mind like every day  
When I'm alone, it hits me that we were meant to be  
See girl no ordinary guy  
Nothing more that I can say that's why I can't let you  
get away  
Girl you're so fly  
And only a fool would let a girl like you past them by  
You're the missing link in my life. So baby be mine  
(mine)

[Chorus: x2]

So Incredible (oh yeah)  
The way I feel inside  
No need to try and hide it  
Could it be your smile that got me feeling  
So, so Invincible girl you're so incredible (incredible)
