### "Let Me Know"

(feat. Natasha Bedingfield)

#### *[Verse 1: Lloyd]*

Look at miss lady over there  
Dancing on the speaker  
Never seen a body like that  
I couldn't help but to stare at her  
I never seen an ass so phat  
And the way that she move is drawing me closer  
Like gravity just taking me over  
Check my jeans and my shoes before I approached her  
Excuse me but I gotta know

#### *[CHORUS:]*

Can I take you for a ride let me show you around  
In the south side let me show you how I hang out  
LET ME KNOW, JUST LET ME KNOW  
From L.A to the A I'm a show you round  
We can chill for a minute then it's back to the lob  
LET ME KNOW, JUST LET ME KNOW

#### *[Verse 2: Lloyd]*

Come make all my dreams some true girl  
I'll spend my life lovin you (LOVIN YOU)  
So gimme the chance to romance yah baby  
Do what ever you want to do  
Just show me the way that you move girl  
Collect your dancing shoes  
Cause I wanna dance the night away  
Hope you feel the same way too

And if you down to ride  
Girl I'm gonna give it to yah  
You know I'm gonna put it on yah  
And if you down tonight  
We could go cruisin

#### *[CHORUS:]*

Can I take you for a ride let me show you around  
In the south side let me show you how I hang out  
LET ME KNOW, JUST LET ME KNOW

From L.A to the A I'm a show you round  
We can chill for a minute then it's back to the lob  
LET ME KNOW, JUST LET ME KNOW

*[Natasha:]*

Yes I wanna folla baby if you holla  
Cause I do feel yah (I KNOW YOU FEEL ME)  
So you like my style huh  
What you got to offer  
Baby I'm a star (YES YOU ARE)

*[Natasha:]*

Boy don't you go play with my lovin

*[Lloyd:]*

But girl I'm here don't worry bout nothin NO!

*[Natasha:]*

*[Lloyd:]*

*[Lloyd & Natasha together:]*

Let you know let you know

*[CHORUS:]*

Can I take you for a ride let me show you around  
In the south side let me show you how I hang out  
LET ME KNOW, JUST LET ME KNOW  
From L.A to the A I'm a show you round  
We can chill for a minute then it's back to the lob  
LET ME KNOW, JUST LET ME KNOW
