(Baby Jay)

Make way! there's a scholar in the house,
Boy Sway, UK, change dollars into pounds,
Lloyd's on the track, noise from the back,
When you're out, makin' money,
They holla from the house(?)
Yeah, so holla I'm about,
'Specially if they wanna know
What I'm all about,
I'm in the 'A',
Shawty telling me she love the ass and,
In the UK,
Shawty telling me she want the action,

[Verse 1:]

First off let me mention I've been missing,
But I'm back on the scene,
UK in the building, You can feel it,
'Cos the swagger is mean,
We the ones that made ya snap ya fingers,
And get on the floor,
And now the king is back,
Yeah I'mma show you how it goes

[Chorus]

If you girls get down on the floor,
Bet'cha I can make lil' mamma get low,
You see round here, we got that game
And anything else has gotta go,
We're poppin' bottles, got them models,
Making it rain up in the club,
And no this ain't no game,
That's just how we do it in the UK
Yeah I know you miss it,
So I'mma make you feel it,
There ain't no other way,
That's just how we do In The UK,
Get wild, get crunk, get low,
Everybody get on the floor,
Put 'em down, I'mma make you say,
That's just how we do it In The UK

[Verse 2:]

I hit the club, it's 3 AM,
So time to get this started,
No disrespect, lil' mamma,
I'm tipsy from that other party,
For all ya haters on me,
Order yourself a drink,
When you get this here, I'mma make it clear,
My level can't be reached!

[Chorus]

If you girls get down on the floor,
Bet'cha I can make lil' mamma get low,
You see round here, we got that game
And anything else has gotta go,
We're poppin' bottles, got them models,
Making it rain up in the club,
And no this ain't no game,
That's just how we do it in the UK
Yeah I know you miss it,

So I'mma make you feel it,
There ain't no other way,
That's just how we do it In The UK,
Get wild, get crunk, get low,
Everybody get on the floor,
Put 'em down, I'mma make you say,
That's just how we do it In The UK

[Verse 3: Sway]

They wanna know how we do it,
Well this is how we do,
Heathrow Airport, terminal two,
Collect all your luggage,
Lookin' all brand new,
Yeah I make a lot of pounds
But I count pennies too,
Yes I make a lot of pounds,
My account's very full,
I can make a brother bounce,
But without any tools,
Rollin' in a black cab but
You may know it as a Taxi,
Pump Lloyd from the trunk,
But that's what we call a boot,
Got my boys in the front,
Now that's what we call the troops,
If you bring it to the team,
Find that what we call abuse,
These fit like sneakers,

Feel like sneakers,
Look like sneakers,
But they (?) call them shoes,
Got my click in the club,
Poppin' bottles or the sloots(?),
It's slick gettin' love,
All the models call us too,
Take 'em back to the hotel,
Hope that they won't tell,
That's how I like 'em,
Yeah that's what we call a mute

[Chorus]

Yeah I know you miss it,
So I'mma make you feel it,
There ain't no other way,
That's just how we do it In The UK,
Get wild, get crunk, get low,
Everybody get on the floor,
Put 'em down, I'mma make you say,
That's just how we do it In The UK

It's ya boy Sway,
What's happening?
I've been around the globe,
Now I'm back again,
I rep. the UK,
I'm attackin' them,
And my boy Lloyd's going straight platinum,
Yeah that boy Lloyd's going straight platinum
