[Verse 1:]

I wish we could have a chance  
All I need is a chance  
To really get to know you  
Girl I seen the way that you prance  
By the way that you dance  
Its some things I like to show you  
So baby if you down to ride  
Yo feelinz dont hide  
Its room inside the rover  
Your what I need in my lfe  
Yo body's so right  
Shaped like a pop soda  
Please believe its not a dream  
Its exactly how it seems  
Girl the magazines showed ya  
I know you see the shiny things  
Gold grill, diamond rings  
Me and my niggaz takin ova  
But if anything I need a queen  
Who lean on my shoulder  
When I feel the need to hold ya  
Girl you makin me wanted  
Flee a scene  
Hit the road up  
Get you across the border

[Chorus:]

Let me see you  
Take it low  
Take it low  
Take it low  
Take it

Lemme see ya  
Lemme see ya take it low baby  
Cause its about to get physical  
Physical  
Physical baby  
Oh baby

Oh yea

[Hook:]

Now I dont know about you  
But I know I would like to do alotta things to you  
Lotta things  
Lotta things  
Lotta things to you  
Freaky things to you  
[repeat]

[Verse 2:]

Now girl I love to be your man  
But understand that my plan is to be your one and only  
Aint no runnin round tryna fuck the homies  
Down on the otha side of town tryna flow me  
Yea I know that if my minds on the grind 99 time to  
time  
You may feel unwanted  
But in fact anytime you feelin lonely  
Dont wait another moment  
Hit me up ill come jump on it

[Chorus til song ends]
