I know you wanna make love
I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love
I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love

I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love
I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love
Ooh

I know you wanna
You're the codist, you're the badest
I can't control it, cause I gotta have it
You're the girl how's all dramatic
So have some fun girl and feel the magic
I know you wanna make love, love, love, love
I know you wanna make love, love, love, love
I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love
I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love
I know you wanna make love, love, love, love
I'm sure you want a hard love, love, love, love
I know you wanna, alright, girl let's go
I know you wanna go to the floor, take it low yeah
I know you wanna make love, love, love, love(make
love, love)
I know you wanna love, love (make love, love)
And a pretty women, got a lot in common
I'm spinning in it
Love's cost, and a pretty women, got a lot in common
Ooh
I know you wanna make love
Ooh
