Oh uh uh
Uh
Oh uh uh uh
1 time
2 times
3 times

I promise that I won't be wasting your time
I'm trynna give you everything that's mine
I'm makin a point and I'm trynna draw the line
And if I'm wrong then hell it might be blind
Be my baby
Be my girl
Be my shawty
Be my world
Be my any and everything that I adore
This picture of us baby I'm really looking forward to it
Give you all you need
That's the man that I wanna be
I can't be him without u with me
Your love is all I need
And baby I hope you feel the same way
Don't let me waste the whole day u got me singin like
Ooh ah [x8]
I'm knockin on your door u gotta open your blinds
Baby I'm trynna tell u this product is mine

Pieces missing out ya puzzle
Notch up your mind
And everywhere I turn I keep seeing signs like

(Ooh)ya'll look good together
(Ooh) lookin like sister and brother
(Ooh)ya'll act just like eachother play it off like man
whatevah
And now I'm thinkin about
Give you all you need
That's the man that I wanna be
I can't be him without u with me
Your love is all I need
And baby I hope you feel the same way
Don't let me waste the whole day u got me singin like

Ooh ah [x8]
Baby I'm a stay the same even though others change
Baby I remember back when I first heard your name
Yeah my momma knew your momma and that's how we
were friends
And I swore to you that day that I'll be here till the end
You got my heart, you got my mind, you got my love
Even when we werent together it was u I thought of
So when the blessing's in the air baby u got to recieve it
All my cards are on the table baby tell me u need me
uh
Give you all you need
That's the man that I wanna be
I can't be him without u with me
Your love is all I need
And baby I hope you feel the same way
Don't let me waste the whole day u got me singin like
Ooh ah [x16]
