Oh uh uh

Uh

Oh uh uh uh

1 time (aye)

2 times (aye aye)

3 times (aye aye aye)

I promise that I won't be wasting your time
I'm trynna give you everything that's mine
Your my counter point and I'm trynna draw the line
And if I'm wrong then hell let me be blind
Be my baby
Be my girl
Be my shawty
Be my world
Be my any and everything that I adore
This picture of us baby I'm really looking forward to it

Givin all you need
That's the man that I wanna be
I can't be him without u with me
Your love is all I need
Baby I hope you feel the same way
Don't let me waste the whole day u got me singin like
Ooh ah [x8]

Loves knockin on your door gotta open your blinds
Baby I'm trynna sell u this product is mine
Pieces missing out ya puzzle
Notch up your mind
And everywhere I turn I keep seeing signs
Like(ooh) ya'll look good together

Like(ooh) lookin like sister and brother
Like(ooh) ya'll act just like eachother play it off like man
whatevah
And now I'm thinkin about

Bein all you need
That's the man that I wanna be
I can't be him without u with me
Your love is all I need

Baby I hope you feel the same way
Don't let me waste the whole day u got me singin like
Ooh ah [x8]

Baby I'm a stay the same even though weather change
Baby I remember back when I first heard your name
Yeah my momma knew your momma and that's how we
were friends
And I swore to you that day that I'll be here till the end
You got my heart, you got my mind, you got my love
Even when we werent together it was u I thought of
So when the blessing's in the air baby u got to recieve it
All my cards are on the table baby tell me u need me
uh

Bein all you need
That's the man that I wanna be
I can't be him without u with me
And your love is all I need
And baby I hope you feel the same way
Don't let me waste the whole day u got me singin like
Ooh ah [x16]
