[Chorus] x 2

Boo, your body got me erotic,
We can go to my private place
Get right to feeling, I'm thinking about it
Sexcapade, sexcapade
Switch positions, change the topic,
Hit the thrust, speed up the pace
No more talking, let's be about it
Sexcapade, sexcapade

[Verse 1: Lloyd]

Must admit that, sometimes it's so hard
I've been looking at, at your backyard
It's getting so fat, and I'm like oh Lord
I gotta get that before the night falls
Tell me is you with that, girl let's ride out
Let me take you back over to my house
Sit you pretty body down on my couch
And let me know what turns you on
Wanna see you when you wake up,
In the morning with no make up
All I wanna do is take you away
Don't let time waste away, yeah
I just wanna ride it today
On this freaky sexcapade

[Chorus] x 2

Boo, your body got me erotic,
We can go to my private place
Get right to feeling, I'm thinking about it
Sexcapade, sexcapade
Switch positions, change the topic,
Hit the thrust, speed up the pace
No more talking, let's be about it
Sexcapade, sexcapade

[Verse 2: Lloyd]

When you look back, at your lifetime,
I wanna be the one, that blows your mind
Wanna be the one that keeps you feeling right and
satisfied
All you gotta do, is let us ride out

Let me take you back over to my house
Sit you pretty body down on my couch
And let me open it up tonight
Wanna see you when you wake up,
In the morning with no make up
All I wanna do is take you away
Don't let time waste away, yeah
I just wanna ride it today
On this freaky sexcapade

[Chorus] x 2

Boo, your body got me erotic,
We can go to my private place
Get right to feeling, I'm thinking about it
Sexcapade, sexcapade
Switch positions, change the topic,
Hit the thrust, speed up the pace
No more talking, let's be about it
Sexcapade, sexcapade

[Verse 3: Roscoe Dash]

Man, Sco! Brrrr!
Hello, must be time to double the Labello
With the whip between the legs cause she used to play
the cello
I just made that beat, watch it kill the acapella, was it
cued?
Inspiration for a film starring two, I overlook in the
water, we pass up for the view
I go monster, and I go off when we're through
She be begging about the magic all dramatic to her
crew
Yeah take that, and in a way that you can never replace
that
We be going hard, I pump it like where the brakes at
Whenever she need, like right that, right that, great
say
She at her in her birthday suit, where the cakes at?
It's never last, girl I got her where the place at
Now don't you ever hesitate to send a late text

[Chorus] x 2

Boo, your body got me erotic,
We can go to my private place
Get right to feeling, I'm thinking about it
Sexcapade, sexcapade
Switch positions, change the topic,
Hit the thrust, speed up the pace
No more talking, let's be about it
Sexcapade, sexcapade

[Outro]
I wanna give you
All of my love
