[Verse 1:]

I can't see how anyone could ignore ya
Girl you got my mind goin' outta me
Girl let me admit that I do adore ya
'Cuz there's a lock box to my heart and you're the key
You look at her and it's a fact
Why all the dogs chase the cats
Can't help but to want it girl like that
Could she be the one for me (the one for me)
Everytime you come around me you
Give me this feeling I'm
Feeling I've never experienced
Girl I don't know much about but I'm
Such a curious guy
Let's give love a try

[Chorus:]

So incredible
The way I feel inside
No need to try and hide it
Could it be your smile that's got me feeling so
Invincible, girl you're so incredible
Incredible

[Verse 2:]

I know ya heard it all before
But believe me when I say
Most of these chicks are boring
Compared to you they're not the same
You're all I ever need and more
That's why I ain't playin' no games
Throwin' away my compass, I'm done explorin'
Girl let's fly away
Search the globe, and the seven seas
Tryna find the joy that she brings
Love is blind but truly I can see
That she's the one for me (the one for me)
Everytime you come around me you
Give me this feeling I'm
Feeling I've never experienced
And I don't know much about but I'm
Such a curious guy

Let's give love a try

[Chorus:]

So incredible
The way I feel inside
No need to try and hide it
Could it be your smile that's got me feeling so
Invincible, girl you're so incredible
Incredible

[Bridge:]

I can't stop thinkin' 'bout ya baby
You're on my mind like everyday 'cuz
When I'm alone it hits me
That we were meant to be
See you're no ordinary girl
Nothing more that I can say
That's why I can't let you get away
Girl you're so fly
And only a fool would let a girl like you pass by
You're the missing link in my life
So baby be mine (mine)

[Chorus:]

So incredible
The way I feel inside
No need to try and hide it
Could it be your smile that's got me feeling so
Invincible, girl you're so incredible
Incredible

[Chorus:]

So incredible
The way I feel inside
No need to try and hide it
Could it be your smile that's got me feeling so
Invincible, girl you're so incredible
Incredible
