Bentleys and monster trucks
Pimp C and Bun B in the trunk
Promethazine in paper cups
Jewelry all VS cuts
And I don't give a fuck
Only like them ghetto sluts
Tattoo and stilettoed up
Double D's and big ol' butts
Girl I can make it rain, Hurricane Katrina
Lookin for the baddest thing tell me have you seen her
Veronica and Elane, Tamera and Keyshia
Try me all you want their aint no maxin out this Visa
And they say that I'm conceited, but I just feel like
Michael Jackson girl I wanna beat it
Beamer, Benz and Bentley got all three they all two
seaters
So there's only room for me and you imagine things
that we can do
So faded that I'm gone, don't even know the name of
the girl I'm on
What am I doing here?
