### [Verse 1]

Heard you and your man was beefin'  
Thought I should come and see ya  
To find out if you needed anything  
was wonderin' if you need a lil change  
I've been knowin' you bout forever  
I was thinkin if we got together  
It just might be the truth  
Perfect for me and you  
Now looky here I got somethin for you to hold  
And I don't care who may see it who may know  
Cuz' I want ya so bad  
And girl you know I'm a g  
So I aint takin no for an answer  
Cuz' I would like to see if we could

### [Chorus]

Kiss a lil bit  
Hug a lil bit  
Touch a lil bit  
Maybe rub a lil bit  
I'm the man of your dreams  
you know that im me  
Baby can't you see  
I treat you good  
Just a little  
Kiss you on your lips  
The ones past your hips  
I wanna keep it hood  
Just a little  
The one like he aint  
Do things that he can't  
I wanna say  
I like it I like it I like it I like it I like it girl  
Lemme hear you say  
I need it I need it I need it I need it I need it boy

### [Verse 2]

Is it wrong to feel like this  
Is it bad to have you here  
For you I have much respect

I don't want you to regret  
Steppin up at how you do  
Even though you know it's the right move  
Even though you know it's an upgrade  
Even though you know if you know you wanna stay  
Looky here I got somethin' for you to hold  
And I don't care who may see or who may know  
Cuz' I want you so bad  
ooh Girl you know I'm a g  
I aint takin' no for an answer  
Cuz I wanna see

[Chorus]

Kiss a lil bit  
Hug a lil bit  
Touch a lil bit  
Maybe rub a lil bit  
I'm the man of your dreams  
and all that you need  
Baby can't you see  
I treat you good  
Just a little  
Kiss you on your lips  
The ones past your hips  
I wanna keep it hood  
Just a little  
The one like he aint  
Do things that he can't  
I wanna say  
I like it I like it I like it I like it I like it girl  
and if you need it Lemme hear you say  
I need it I need it I need it I need it I need it boy

[Bridge]

Do you have the time to stay tonight  
Ohhh ohhh ohhh baby  
Do you have the time to stay for life  
Woahh  
Cuz our lovin was good  
Girl by now you should know  
There's no way I'm gonna let you go  
I don't mean to bring the pressure  
But girl I'll be a fool if I up and just  
Let you go  
Girl you know I wanna treat you good

[Chorus]

Just a little  
Kiss you on your lips  
The ones past your hips  
I wanna keep it hood

Just a little  
the one like he aint  
Do things that he can't  
babyI wanna say  
I like it I like it I like it I like it I like it girl  
and if you need it Lemme hear you say  
I need it I need it I need it I need it I need it boy  
do you have the time to stay tonight  
do you have the time to stay for life
