"Wife You Up"

Girl, I'm coming over
And I'm hardly sober
Alcohol running through my veins
And it's straight up to my brainn
I got you on speed dial
Hit one number just to call out
Hey baby I'm feelin nice
But I need you to make me feel better
She said that bad timing, timing
And I couldn't have what I was wantin, wantin
But she said to still come over
Maybe I could just hold her
So I thought to myself like damn...

Even if it's that time of the month
Baby I still chill wich yah
Even if it's that time of the month
I'll come to your crib and kick wich you
Baby your far from the stars
Cause I got feelings for yah
It's not all about sex sweet love
It's all about me tryna wife you up

Girl my hormones raging crazy
Shorty shes my baby
Even though I can't put her to bed
I can still run fingers through her hair
Treat her like she need to be treated...
Sex ain't always needed
But then I got on, on my way
See her in a minute baby
She said that bad timing, timing
She said I couldn't have what I was wantin, wantin
But she said to still come over
Maybe I could just hold her
So I thought to myself like damn...

Even if it's that time of the month
Baby I still chill wich yah
Even if it's that time of the month

I'll come to your crib and kick wich you
Baby your far from the stars
Cause I got feelings for yah
It's not all about sex sweet love
It's all about me tryna wife you up

Even if it's that time of the month
Baby I still chill wich yah
I'll come to your crib and kick wich you
Cause I got feelings for yah
It's all about me tryna wife you up
