You 2:

Ever since the first time you laid in my bed
Visions of you all in my head
And ever since the first time that I said
I don't want noone else

I love you girl
I give you the world and more
Yeah it's true girl
This must be what we're here for

Woah
Without your love girl I would die tonight
Woah
This must be what we're here for

As I lay me down to sleep
I pray for your heart to keep
I hope it lasts forever
And mark the way I feel with you
It feels so real when i'm with you
I'm a better man
