Visions of you are in my head...

Ever since the first time you laid in my bed,
Visions of you all in my head.
And ever since the first time that I said,
I don't want no one else.

I love you girl,
I'd give you the world and more.
Yeah it's true girl,
This must be what we're here for.

Woooah.....without your love girl I would die tonight.
Woooah.....this must be what we're here for.

As I lay me down to sleep,
I pray for your heart to keep,
I hope it lasts forever.
And more to the way I feel for you,
It feels so real,
When I'm with you I'm a better man.

And you know I,
I aint ashamed to get down on one knee.
I'm begging you please girl just hold my hand,
And follow me to the promised land.
I'll spend my life with you.....

That's what you're here for, that's what I'm here for,
that's what we're here for girl.
That's what you're here for, that's what I'm here for,
this must be what we're here for.

You're here to love me, here to love me.
Girl you're here to love me, here to love me.
Girl you're here to love me, here to love me.
Girl you're here to love me, here to love me.

And baby, I hope that you aint got no where to go.....(oh
baby no).
Ooh Stay right here,
In my arms is where you need to be.....(right here with

me).
Right here with me yeah,
I'd give you the world and more.
And start a family yeah,
This must be what we're here for.

Woooah.....without your love girl I would die tonight.
Woooah.....this must be what we're here for.

That's what you're here for, that's what I'm here for,
that's what we're here for girl.
That's what you're here for, that's what I'm here for,
this must be what we're here for.

You're here to love me, here to love me.
Girl you're here to love me, here to love me.
Girl you're here to love me, here to love me.
Girl you're here to love me, here to love me.
