I am the one you denied
you pushed me off everytime I tried
but I'm alright
I'm able to swallow my pride and put all the bullshit to
the side
If you ready to ride
I'm down for a one night stand
I'll accept it anyway that I can
cause I ain't your man
I'll try for whatever it's worth
ust remember who played who first, yeah, yeah

[Verse 1]

I can't keep my eyes off you/
I can tell why them other guys lost you
Your kind's rarer than a flying saucer
/and thats why I can offer--
Similarities in our characters
Haven't you heard the word 'round town on how I get
down?
They gon' whistle/
everybody part is official
And that ass witchu/
got my dick hard as a missle
Don't hop on top/
cause I ride around with a pistol
If they pull us over/
I'll be out of town with a issue
If you was mine/
I'd introduce you momma, girl
You're style and your boots and are Gabana/
I'm so used to your Prada
I take trips cause out in Houston it's hotter
Throw on the Al Green use the Impala
Lay my jewels on my collar
You had me feelin' like a fool when I holla'd
Tried to squeeze in but you wouldn't bother
And I ain't either/
soon as I realize that I ain't neither
She in a rush to get close to me/
but I aint eager... shiiit

[Chorus]

I am the one you denied
you pushed me off everytime I tried
but I'm alright
I'm able to swallow my pride and put all the bullshit to
the side
If you ready to ride
I'm down for a one night stand
I'll accept it anyway that I can
cause I ain't your man
I'll try for whatever it's worth
just remember who played who first, yeah

[Verse 2]

Look, I don't mean to bother you/
but your sex appeal is
remarkable
You make a G wanna walk
around in the park witchu
There ain't no tellin'
the kinda things I'ma start to do
If I get wrapped up on
your ass too fast
I can tell you feel the
same cause when I ask you laugh
So I'ma leave it at that take a hint and put in my math
I imagine your body look twice as good in the bath
And I'm buggin/
cause I can see you right
in the hood/when I pass
I'm never stable cause business is on my ass
But you can be the one that
I visit before I dash
And I admit/
I been the type to hit and split
But you can't blame me for
the females that I been gettin wit
Cause, most of these broads
has had they eyes on my grit
'Til they eat da shit and
learn to be satisfied with the dick-- and
If you ain't worth it/that's all you get
I ain't gonna blame you/
I'ma blame all you tricks-- cuz

[Chorus]

Avant:
I am the one you denied
you pushed me off everytime I tried
but I'm alright
I'm able to swallow my pride

and put all the bullshit to the side
If you ready to ride
I'm down for a one night stand
I'll accept anyway that I can
cause I ain't your man
I'll try for whatever it's worth
just remember who played who first, yeah

[Verse 3]

It seems like your attitude/
only appears when I'm mad at you
When several situations occur and that includes:
When I'm going too long ridin' through them avenues
As soon as I get home there's rumors of scattered
news
You know my fantasies/
am I feelin things/and can this be?
Your girlfriend tryin' to sandwich me
My heart's colder than sandwich meat
Cause I come from the hood where the hammers be
I move fast but I switch pace
and pop a Listerine strip in--
Before you get all up in the bitch face
Movin' your body like this/
gon' make me blow like a bottle of Cris
Man, I dunno no one hotter to twist
You got my temperature risin'/
from your hips and your thighs
And that glare in your
eyes'll brighten up the horizon
It comes naturally/I don't bribe 'em
It's easy as one, two, three and I slide in

[Chorus x2]

Avant:

I am the one you denied
you pushed me off everytime
I tried but I'm alright
I'm able to swallow my pride
and put all the bullshit to the side If you ready to ride
I'm down for a one night stand
I'll accept it anyway that I can
cause I ain't your man
I'll try for whatever it's worth
just remember who played who first, yeah
