Never have you ever seen another blame my
environment society
Made me tough as rubber they tryin me so let's resolve
the situation
Violently finally some real niggas that move around
silently honestly
These niggas could'nt see me through a mad glass
they mad ass I'll
Sum em up in a paragraph from a fire cracker to a shot
gun barrell
Blast I can't do nothing but laugh at your coward ass
bring your crew
I'll knock em down to half off one by one I'll golf the
rest I got it on
Alcatraz on my off days I'm poppin tags cars full of
shopping bags
Same spending habit my poppa had don't take a name
if you ain't
Got similar ways had the original rolling round in his
grave if he living
He upset in his cage all day streets is on work ain't one
second to play
Hey, the difference between me and them is you only
see me in rimmers
And they still pay rent I only trust my gut feelings so the
steel he kept
The side say glock they wheels they bent I got that real
paint sent I'd
Probably be in jail it's up to them I'm drivin morally
therefore I feel like fuck a
Friend family ties last longer I'm stronger as long as
they growing marijuana
I'm straight it keeps me calm for the hate my flow get a
phenominal rate jealous
Niggas can't stomach it my timing is great remind you
of cake money in the bank
Nigga bet on this I'm what they ain't your favorite
rappers my biggest fan puttin
That trash out and I'm a clean it all up spick and spam
you can't punch for punch
You need a bigger hand nigga damn you jacking the

way a nigga stand kill yourself
Here pull the trigger Blam! you ain't a guy just the
middle man big dreams little hand
You ain't even rhyme rat and I'm a coach I put hands on
ya bob knight you fucking
Roach I'm tucking toast I got my mind right so don't get
close you'll overdose upon
This hard white we terminating on sight 560 all white
automatic 4 pipes
Reefer addict quarter cube we gone smoke it all
tonight
