All I do is visit, yeah, I'm just stopping through
I don't do the trickin', if she there she copping, too
Sooner I'm forever papiloni, wait I'm popping you
We ain't scheming, pull a weaver while I'm speeding,
it's
kinda cool
When I eat up I'm more demon, who you niggas tryina
fool
Go to heaven, bonus reasons, bitches dripping down
and drool
Shorty think her shit the bomb, well my shit atomic, too
Heavy fits about it, check my new designer crew
You know it ain't no hula dance, I'm cooling throwing
franks
Way too many bitches in here ain't no room for all the
hate
Ain't no telling how I do you, another room, a different
state
Baby take my joy and junior, I refuse to hit the gate
Hefner got her, made her D, it's full of DDS's
All your sins crawling, your pimp calling, don't need a
reference
Gave them fair warning this morning lucky they catch
us
Stable on my checklist, y'all giggle and wave
Can't be
bottled,
all I know is this
All I know is money bring you haters and they piss
And I'm laughing, thank God, I gotta take the risk
Risk it all just to ball, all models on my list
We ain't come to talk, we gonna get it on
I'mma switch, switch, I don't stress, I'm raw
Keep it cool and calm all of this dish
Then I'm stepping off, stepping off
Time you get the rest involved
Yeah, let's get the rest involved I'm the man, but you
know that,
though
Wife ain't in my plans, let me hold that hoe
I spent a Rolex on your body, let me see it
Every beat I catch a Hummy, RIP it

Sailing through the weekend, another break to family
secret
Like my green weekend, like the bitches that I be with
I'm like able with the cutting, nothing missing from my
remix
Thousands on the bus, thousands cookies in arenas
If I'm up in the club then I'm Louied up
Get your start down, all these girl, homie, they wanna
touch it
Bring the cars around, making more money in my
section than at the bar,
clown
Ain't nobody born with a bar code, they ours now
God's favorite, fuck, I'm underrated
My car reek with the rocks, I give her one and take it
Prop the due, niggas foul, every summer's fragrant
My cup overflows with power, I become amazing Can't
be bottled, all I
know is this
All I know is money bring you haters and they piss
And I'm laughing, thank God, I gotta take the risk
Risk it all just to ball, all models on my list
We ain't come to talk, we gonna get it on
I'mma switch, switch, I don't stress, I'm raw
Keep it cool and calm all of this dish
Then I'm stepping off, stepping off
Time you get the rest involved
Yeah, let's get the rest involved
