I got my hands all over your girl  
Man, I'm rocking her world and she loves me  
You can buy everything she loves  
But you can't buy hers, with your money  
She won't eat when she fucking with me  
I got her up in the V, getting nasty  
I got her shakin all way down her knees  
I get it all for free  
Mister I ain't never gave a fuck about a girl  
I'm ghetto, I'm thorough, I'm reppin my boro  
I'm out of my mind, girl my mind's on dinero  
Probably thinking I'm the one  
Tired of ridin wit a zero  
Zeroed up, I only hear chains, don't hear no slut  
Red rose matching my clothes don't wear no cup  
Headphones, channel my zone, she won't shut up  
Dead tone, turn off my phone and roll one up  
I'm getting to the paper, that's why I can't take ya  
You mix business with pleasure, you're slidin' down a  
danger  
Girl never mind the minor, cause I'mma do it major  
They fine but you finer and I'm hotter than that laser  
Lay 20 bitches down, stomp their pussy  
You gon' have to peel it off the ground  
I wanna knock 'em down though I will it with my crown  
It's just me and you nobody here to hear the sound  
It gets scary when I pound, now  
Cuffing only comes with a black lash  
She got that you get money, you can clap pass  
N a fat ass  
I like shaking it, new bottles and black bags  
Metal with the crew 22 bottles and smack fast  
You will never appreciate nothing 'til you makin' some  
So keep it real with me, and keep it fake with them  
Full phonebook, travel out of the state wit none  
She looking for a trick, and you a major one  
Told her she's running out of time, she bought me a  
watch  
She know I beat her ass up, she calls me the box  
A bad bitch is like the norm, they normally hot  
I got a thousand co-signs, they all give me props  
My jewelry extra, light up the mall with these rocks

Glock bodyguard, you niggas tour with the cops  
You spending here, never see you at all when I shop  
Keep your convo, fast forward tha guap, I'm hot
