[Hook]

Can you picture another girl to hit or ride with you?  
I get around, I'll probably never tell you how I miss you  
The hair on top of her " on a fly nigga  
You're here now, right, wrong, at it all night long

[Verse 1]

Baby picture me and you without the status  
None of these losers had they turn, but only focus on  
what matters  
Mac-11 when my leg in, fuck my angel back to heaven  
Dime easily, that attitude gon' make me add a seven  
Livin' like what I rap 'bout on the regular  
Baby you made me tap out, you a legend  
I pray I live a lifestyle like this forever  
So every hour, every minute, every second  
I'm dime stretchin', murdered by her mid section  
Caramelized in complexion and I'm Dougie when I'm  
sexin'  
Breathe baby, you gon' love me in a second  
Enter my beautiful world where the ugly ain't accepted  
Your sex is like a weapon, you snub me when you love  
me  
This shit gon' take some time, I'll love you for your  
effort  
Heartbreaker and I probably broke a record  
Lookin' for someone that wanna party and forget it

[Verse 2]

Woke up in the morning in the middle again  
Cell phone vids and pics of me you and your friend  
Can't go to sleep without a ten, it ain't a rumor, it's him  
You hear things like murder screams out the room  
when I'm in  
I'm in the pussy so deep I feel her heartbeat  
Room 210 not a menage suite, my name's in the  
concrete  
Brought back the bottles and the zip, now we drunk and  
high

Couple models, that's eight lips, I think I touched the  
sky...  
That's for all the ones that used to front  
You'll be luck if I venture back, I've got to peep and  
break 'em off  
I've got my PYTs on tape, tapin' my fingers up  
Upstairs shit can get real " told your woman such  
All I hear is slow down, that's when I speed up  
Tag teamin' Sabrina, me and Maria  
I got a lock on her mind, don't try to free her  
Hold on to that 'til next, I'll see ya when I see ya
