(feat. 50 Cent, Eve, Lil Flip)

[50 Cent:]

I don't even know how to explain it you know?
You know from time to time shes on my mind you know
what I mean?
Shes my kind of girl
You know every now and then you might find
somebody you feel like understands
You a little bit you know?
Its all good man

[Chorus: 50 Cent:]

Something like a porno star
She something like a superfreak
I never seen her on tape before
But when she go low shes a professional
My kind of girl

Something like a porno star
She something like a superfreak
I never seen her on tape before
But when she go low shes a professional
My kind of girl

[Verse 1: Lloyd Banks]

Ya something like a porno star you fit the description
exactly
Its like I got my own Janet Jack-me
With a body as mean as Janet Jackson
One of the main reasons my evenings are relaxing
So lets go
A 100 miles an hour make me sweat mo'
Its slippery in the shower so don't let go
If I go through another hour of the sex show
I'm a have to roll up something
I'm a king its supposed to be this way
You don't open your mouth with the comments that
most of these chicks say
Know where the holster and fifth stay
And my nympho habits got you missin' most of your
sick days

Shes there when I sleep and there when I roll over
Cause I've been with her too long to give her the cold
shoulder
Every now and then I gotta hold her
She reminds me of something I once seen so I told her

[Chorus: 50 Cent]

Something like a porno star
She something like a superfreak
I never seen her on tape before
But when she go low shes a professional
My kind of girl

Something like a porno star
She something like a superfreak
I never seen her on tape before
But when she go low shes a professional
My kind of girl

[Verse 2: Eve]

Everytime I hear his voice I get the feelin' in my body
that
Makes me weak I swear to ya'll I don't know how to act
It ain't ever been this way before
Everytime he leave my side I just need some more
One touch I begin to blush
One round is never enough
Never confused know everything he wants
But only for my daddy right?
Fuck you dudes yo them niggas got to move aside
We get together
I'm in heaven ain't nobody better
Addicted my sickness he make my body better
I know I sound crazy
Never fucked with a nigga who amazed me
Never fucked with a nigga who could make me
Um I can't say I'm still a lady
Thats why I'm here daddy know what he got
You corny bitches got to fall back like it or not

[Chorus: 50 Cent]

Something like a porno star
She something like a superfreak
I never seen her on tape before
But when she go low shes a professional
My kind of girl

Something like a porno star
She something like a superfreak
I never seen her on tape before
But when she go low shes a professional

My kind of girl

[Verse 3: Lloyd Banks]

I got a girl in my hood see most niggas lose they cool
and chase her

Try to take her out to impress her and then lose they
paper

She gets out the hood so the places you chose to take
her

Can't be ordinary shes been there before

Shes so pure

One day of shoppin

Got me contemplatin' about stoppin'

Cause she can get me off like Cochran

Got everybody watchin'

Spoiled her daddy still pumpin'

He probably thought she'd grow up to get married or
something

She high class know every store as far as the city go

Pretty all in the face and tight from the video

Damn this bitch thick

She on that Lil' Kim tip

She her hair match the color of her lipstick

Now this chick

Learned to love jewelry like Slick Rick

And had a walk on her that'll leave you with a stiff dick

I think I bumped into a pro-fessional

That black Barbie with the extra glow

[Lil Flip:]

What up this ya boy Lil Flip

And right now your tuned into GGGGG G Unit Radio
with my homie

DJ Whoooo Kid from Sirius Satelite Radio

we ain't playin' with ya'll
