She crossed herself  
As she put on her things  
She has promised once before  
Not to live this way

If she don't calm down  
She will burn herself out  
Like a forest fire  
Well doesn't that make you smile

If you don't slow down  
I swear that I'll come 'round  
And mess up your place  
Let's go for a spin

They say we shouldn't even know each other  
And that we'll be undone  
Don't it make you smile  
Like a forest fire

I believe in love  
I'll believe in anything  
That's gonna get me what I want  
And get me off my knees

Then we'll burn your house down  
Don't it feel so good  
There's a forest fire  
Every time we get together

Doo doo doo, doo doo doo doo doo  
Doo doo doo doo doo, doo doo doo doo doo

Hey, pick you up, put you down  
Rip you up and spin you 'round  
Just like we said we would, 'cause we're a forest fire  
Believe you me, we'll tear this place down

If we get caught in this wind then we could burn the  
ocean  
If we get caught in this scene, we're gonna be undone  
It's just a simple metaphor, it's for a burning love

Don't it make you smile like a forest fire
