Living on juice
Eating out of tuna cans
Mobile home
With my dairy queen

Tied me a knot
She had to cut me loose
I liked her a lot
Yeah

Like lovers do
Like lovers do
I liked her a lot
Like lovers do

Julia came
Eating a tangerine
Friday the third
Four-thirty

She tore out a page
Of my magazine
Then she went away
Yeah

Like lovers do
Like lovers do
She went away
Like lovers do

Saturday girls
Kept you warm a while
Sunday sunshine
Kills all conversation

You look in her eyes
And you see circles
She let's you get away
Yeah

Like lovers do
Like lovers do

You get away
Yeah, like lovers do
Yeah

Everyday
You're so sad to see me
And I'm so glad to take the blame
It's always going to be that way

Living on juice
Eating out of tuna cans
Mobile home
Yeah, with my dairy queen

Tied me a knot
She had to cut me loose
Now I'm looking at you
Yeah

Like lovers do
Like lovers do
I'm looking at you now
Like lovers do

And I'm looking right at you now
Just like lovers do
And I'm looking right at you now girl
Just like lovers do
Like lovers do
Like lovers do
