Now that the low life has no meaning  
'Cause you've been there, now you're gone  
But your heart won't keep from cheating  
It's stringing you along

Stranger to me, well, what's the lowdown  
Are you man enough to pray?  
For a better way of living  
I believe I've lost my way

Oh may, could you please hold me?  
I believe I might fall  
I believe that I might fall

Could there be a better way of living  
Better than the easy way  
Could the wretched be forgiven  
Are you man enough to pray?

Wore my heart upon my sleeve  
To court the wretched and the free  
But if by chance I'd lost my way  
Would you help me find it, babe?

Oh may, could you please hold me?  
I believe that I might fall  
I believe I might fall

Now that the low life has no meaning  
'Cause you've been there, now you're gone  
But your heart won't keep from cheating  
It's stringing you along

Wore my heart upon my sleeve  
To court the wretched and the free  
But if by chance I'd lost my way  
Would you help me find it, babe?

Oh may, could you please hold me?  
I believe that I might fall  
I believe that I might fall

Wore my heart upon my sleeve  
To court the wretched and the free  
But if by chance I'd lost my way

Am I man enough to pray?  
Am I man enough to pray?  
Are you man enough to pray?  
Are you man enough to pray?
