Most of the time
I'm too focused all around
Most of the time
I can keep both feet on the ground
I can follow the path
I can read the sign
I can stay right with it
As the road unwinds
I can handle whatever
I stumble upon
I don't even notice that she's gone
Most of the time

Most of the time
It's well understood
Most of the time
I wouldn't change it if I could
I could make it all match up
I can hold my own?
I could deal with the situation
Right down to the bone
I could survive
I can endure
And I don't even think
'bout her
Most of the time

Most of the time
My head is on straight
Most of the time

I'm strong enough not to hate
I don't build up illusion until it makes me sick
I ain't afraid of confusion no matter how thick
I can smile in the face of mankind
I don't even remember how her lips felt on mine
Most of the time

Most of the time
She ain't even in my mind
Would I know her if I saw her
She's that far behind

Most of the time I can't even be sure
If she was ever with me or if I was ever with her
Most of the time i'm halfways content
Most of the time I know exactly where it all went
I would cheat on myself
I don't run and hide
I won't hide from the feelings
That I buried inside
I don't compromise
And I don't pretend
And I don't even care
If I ever see her again
Most of the time
