She crossed herself as she put on her things
She has promised once before not to live this way
If she don't calm down she will burn herself out
Like a forest fire, well doesn't that make you smile

If you don't slow down, I swear that I'll come round
And mess up your place, let's go for a spin
They say we shouldn't even know each other and that
we'll be undone
Don't it make you smile like a forest fire

I believe in love, I'll believe in anything
That's gonna get me what I want and get me off my
knees
Then we'll burn your house down, don't it feel so good
There's a forest fire every time we get together

Doo doo doo, doo doo doo doo doo doo
Doo doo doo doo doo, doo doo doo doo doo doo
Hey pick you up, put you down, rip you up and spin you
round
Just like we said we would
'Cause we're a forest fire, believe you me, we'll tear
this place down

If we get caught in this wind then we could burn the
ocean
If we get caught in this scene we're gonna be undone
It's just a simple metaphor, it's for a burning love
Don't it make you smile like a forest fire
