I've never heard a name, as quite as sweet as yours  
I never saw eyes, as quite as bright as yours  
I've never found love that can't grow old  
And that is why, and that is why, I love you  
So come on  
You better come on step right on to my heart  
You better come oooonn, to my heart  
E'en a heart, as good and pure as yours  
I've never seen a smile as true and bright as yours  
I've never found love that can't grow old  
And that is why, that is why, I love you  
So come on  
You better come ooon to my heart  
Just sitting here thinking with a you on my mind  
Don't go no where I'm worried all the time  
Come on  
You better come on come on into my heart  
You better come ooonne into my heart!
