I can remember when i met you  
You had all of my homies talkin bout you  
And i thought it be cool if i got at you  
So we could spend a lil time  
I can get to know you  
Tell me ya name  
Im beginning to see the mold we had together  
Baby girl i like you cause your better  
Then any average chick  
That i weas rollin wit  
I knew it was love at first site

(Hook)

I never met a girl like you before  
I can count on you whenever i need to take it slow  
How you be takin me up up and away we go  
You got my eyes so low man  
They damn near closin

(Chorus)

Aye hazel i like you  
Cant see myself without you  
My sweet hazel  
Girl i think im in love  
Im in love  
Im in love  
Aye hazel i like you  
Cant see myself without you  
My sweet hazel  
Girl i think im in love  
Im in love  
Im in love

it be times people be tellin me to let you go  
But the bond i got wit you is stronger then they even  
know  
And just to prove it to you  
Girl you know i love you so much  
I'll hit the corner store for and scrape the guts outta  
dutch  
It's like the things you say to me when i'm feelin hurt  
You pick me up and i go through it

Thats why i put you first  
When everybody be on me constantly stressin me  
worse  
Your the one that i come running to to ease my nerves

(Hook)

And i never met a girl like you before  
I can count on you whenever i need to take it slow  
How you be takin me up up and away we go  
You got my eyes so low man  
They damn near closin

(Chorus)
