The times you cry, turning your back, I didn't notice you
were shaking
Trivial things, boring things, always have been met with
laughter

The extent of time that passes, close to you, the
distance between us is getting far apart
From inside me, you passed through, erased all the
memories

Throbbing feeling, falling in love, something is
breaking, we passed each other
Always nearby, your innocent smile
Tears overflowing make an ocean, the fleeting feeling
became the wind
No matter how much I think, already you're
unreachable

I realizedÂ...
Being fickle, only selfishness, I have this kind of
personality
With the disposition jutting out. You were like a crybaby.
It couldn't return in that time.

Throbbing feeling, falling in love, meek,
unaccustomed, we passed each other
Always remembering your innocent smile
Words aren't enough, feelings are hurt, if you notice
we've gone far away from each other
No matter how much I shout, you don't look back

The extent of time passing, becoming the past, if the
colors are fading
Standing still, I'll sleep by myself

Always, tears flowing and this chest burns andÂ...
againÂ...

Throbbing feeling, falling in love, something is
breaking, we passed each other
Always nearby, your innocent smile
But still, tomorrow we wanted to meet, but also, meek

and unaccustomed
Hiding tears, letting go of the hand I held.
