I read your text saying what you wanna do to me (all night long)  
I think I might be able fulfill your fantasy.  
We can ride away, no time to waste, tonight baby (all night long)  
We can ride away, no time to waste, tonight baby.

Walking up dirty street, she was God over the beast,  
ooo the way she looked at me  
She's out of space like Anakin, body like a mannequin,  
sipping on a girly drink.  
Dancing on the table, life of the party, got my tongue  
on her navel, taking shots of her body  
Yea this little hottie, she's trying to get me sprung,  
while she's sucking on cherries tying knots with her tongue.

Ooo girl, it's you girl, I love it when you're teasing me.  
Ooo girl, the things you do girl, I love it when you're  
pleasing me.

You wanna get it shawty (all night long)  
Then keep acting naughty (all night long)  
You got me thinking baby (all night long)  
You need a spanking baby (all night long)  
(x2)

Walking down dirty street, party rockin to the beat, ooo  
the way he looked at me  
He's out of space like Anakin, body like a mannequin,  
sipping on some Hennessy.

Dancing on the table, life of the party, he's got his  
tongue on my navel, taking shots of my body  
Yea I'm feeling naughty, I'm trying to get it sprung,  
while I'm sucking on this lollipop, you can be my  
lollipop.

Ooo boy, I want you boy, I love it when you're teasing  
me  
Ooo boy, the things you do boy, I love it when you're  
pleasing me.

You wanna get it shawty (all night long)  
Then keep acting naughty (all night long)  
You got me thinking baby (all night long)  
You need a spanking baby (all night long)  
(x2)

Now everybody say oh, oh, oh, ooh  
Now everybody say oh, oh, oh, ooh  
Now everybody say oh, oh, oh, ooh  
Now everybody say oh, oh, oh, ooh
