[Natalia:]

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for it?

[Chorus: LMFAO]

Champagne showers  
Champagne showers  
Pop it in the club  
We light it up 80 hour  
I said  
Champagne showers  
Champagne showers  
Pop pop pop pop it in the club  
We light it up 80 hour, 80 hour

[Both:]

Let the party rock!

[Redfoo:]

Put your hands up  
Everybody just dance up  
We came to party rock  
Flash your titties like Mardi Gras

[LMFAO:]

They call me Redfoo  
I walk in the club with a bottle or two  
Shake it, spray it on a body or two  
And walk out the party with a hottie or two

I'm gonna get you wet  
I'm gonna make you sweat  
A night you won't forget (won't forget - no)

[Natalia:]

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for it?

[Chorus: LMFAO]

Champagne showers  
Champagne showers  
Pop it in the club  
We light it up 80 hour  
I said  
Champagne showers  
Champagne showers  
Pop pop pop pop it in the club  
We light it up every hour, 80 hour

[Both:]

Let the party rock!

[Skyblu:]

Boom!

Guess who stepped in the room  
SkyBlu, Redfoo and Goon  
He's a party rocker from night 'til noon  
And it's about to be a champagne monsoon  
Baby girl, you look legit  
Come to my table and take a sit  
Open wide 'cause we're spraying it  
Fifty six bottles ain't paid for shit

I'm gonna get you wet  
I'm gonna make you sweat  
A night you won't forget (won't forget - no)

[Natalia:]

We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for

[Chorus: LMFAO]

Champagne showers  
Champagne showers  
Pop it in the club

We light it up 80 hour  
I said  
Champagne showers  
Champagne showers  
Pop pop pop pop it in the club  
We light it up 80 hour, 80 hour

[Skyblu:]  
Party people  
Now I want you to grab your bottles  
Put them up in the air  
Now shake, shake, shake that bottle and make it [pop]

[Natalia:]  
We're gonna get you wet  
We're gonna make you sweat  
A night you won't forget  
Are you ready for it?  
[Groans]
