Oh babe

(8x)

Up in the club, dance to the beat

Can't keep her little model hands off of me

At my own table hands in the air

Girls getting freaky touching on my hair

That's when I see you dressed like a spy

Looking like a ghost with concern in your eye

I was right in the middle freaking this booty

That's when you cut in came up to me

Talking about "Foo I want you back"

But you ain't T-O, you ain't like that

Now that I blew up it's like that

We started kissing then she started moaning
