You, you, you, you
[x4]

You, change your mind
Like a girl changes clothes
Yeah you, PMS
Like a bitch, I would know

And you over think
Always speak critically
I should know
That you're no good for me

We used to be
Just like twins
So in sync
The same energy
Now a dead battery

used to laugh, bout nothing
Now you're plain boring

I should know, that you're not gonna change

Cause you're hot then you're cold
you're in then you're out
You're up then you're down
You're wrong when it's right
It's black and it's white
We fight, we break up
We kiss, we make up

(You!) You don't really wanna stay, no
(You!) You don't really wanna go-o

You're hot then you're cold
you're yes then you're not
You're in then you're out
You're up then you're down

L-M-F-A-O
Someone call the doctor!

Somebody call the doctor
Nice to meet you I'm doctor blue
And ima tell you two what you got to do
Communication is key
And that's what the problem seems to be
Katy, your mad cause hes hot n cold
What ya gotta understand that he's on the road
Performin every night livin show to show
Being more understanding is where ya need to grow

Foo, you gotta show that ya care
Not just smackin her ass and pullin her hair
Take her to dinner
Take her to a play
Show her you love her

Dude thats gay!

It's not like you need something special everyday
You can work it out, work work it out
Work it out, work work it out
Work it out, work it out

Work it out, w-work it out
Work w-w-w-w-w-w-work it out
[x4]

You, on my mind
All the time
Like my fro (work work it out)
And girl, I love you
More than you'd ever know (work work it out)

But why do you always
Need attention when I'm hangin' with the gang
Jesus christ! I'm sippin' on a brew!
And I'm tryin' to watch the game!

Cause you're hot then you're cold
you're yes then you're no
You're in then you're out
You're up then you're down

You're wrong when it's right
It's black and it's white
We fight, we break up
We kiss, we make up

(You!) You don't really wanna stay, no
(You!) You don't really wanna go-o

You're hot then you're cold
You're yes then you're no
You're in then you're out
You're up then you're down
