I feel like I just seen the sun for the first time  
You make my life bright cuz you shine  
It's me and you baby, it's our time  
I'm living my dream, girl cuz you mine  
You got me skippin down the street  
And singin love songs all out of key  
I didn't smoke nothin but I feel so high  
And I know why  
It's a love thing, it's got to be  
Your heart's all locked and I got the key  
It feels like I just won the lottery  
Cuz I got my girl and she got me

You my new obsession  
All I want to do  
You my new obsession, girl  
I feel on top of the world wit you baby  
I want to dance and party tonight  
I feel on top of the world wit my lady  
I'm gonna rock your body all night  
She makes me wanna sing

La, la la la (8x)

Oh, I can't get you out my mind  
Everything you do is feelin right  
Remember that way you caught my eye?  
I remember that way you was walkin by  
Ooh girl, watch out now

You looked at me, turned around and smiled  
Gave me eyes, my heart went wild  
Hypnotized, this love starts now  
And how do I know you're real?  
It really doesn't matter, it's the way I feel  
You make me feel super like the man of steel  
Got me goin stupid, pickin daffodils

You my new obsession  
All I want to do  
You my new obsession, girl  
I feel on top of the world wit you baby

I want to dance and party tonight  
I feel on top of the world wit my lady  
I'm gonna rock your body all night  
She makes me wanna sing

La, la la la... (etc.)

You my new obsession (5x)

All I want to do  
You my new obsession, girl  
I feel on top of the world wit you baby  
I want to dance

Dance... (etc.)

I feel on top of the world wit you baby  
I want to dance and party tonight  
I feel on top of the world wit my lady  
I'm gonna rock your body all night
