Hmmm...

You've been searching the world to find true love,  
Looking in all the wrong places.  
When all of the times you've been blind to love,  
It's plain as the nose on your faces.

CHORUS:

It's here, it's now.  
Open your eyes and see it.  
Right here, right now.  
Open your eyes to love.

You've been down on yourself thinking some things are  
wrong,  
Wonder'in why love has never found you.  
Don't you know that it's been right here, all along.  
If only you'd look around you. (yeah)

CHORUS:

It's here, it's now.  
Open your eyes and see it.  
Right here, right now.  
Open your eyes to love.

Love has been right by your side.  
So close that you couldn't see.  
If love could speak,  
It would shout to the sky,  
'I've always been here, (always been here)  
'I've always will be.' (always will be)

I'm here, I'm now.  
Open your eyes and see.  
Right here, right now.  
Open your eyes to love. (Open your mind to love)  
Open your heart...  
To love.
