It doesn't matter what I say, don't matter what I do
Every little thing reminds me of you
It gets harder every day, I don't know what to do
Every little thing reminds me of you

Reminds me of you, reminds me of you, reminds me of
you (repeats)

Yes, party people, we drop and feet go, some make
your fist-pump, hands up and feet go
Crazy, look at all these ladies, tonight is going down
We party rockin in this place for sure, every place that
we walk in is the place to go
Popping bottles up for free, with the models every week
Sexy go-gos the way you booty bubbles to the beat is
like...
Owning, popping, ain't no stopping, the bass is knockin
Them shots are dropping, some of us came to
celebrate
But most of us came to get away

It doesn't matter what I say, don't matter what I do
Every little thing reminds me of you
It gets harder every day, I don't know what to do
Every little thing reminds me of you

I'm a heavyweight, light on my feet, must levitate
Sexy tape, must for penetrate, then I slap you in the ass
with the resume
I'm leaving with the finer things, designer draws, dollar
rings
Go to the monica, lots of things, I stay the same, call
the packing chains
Big bro chains, I never ever being a bitch, my last girl
was, so player switched
Pop the only ricky, cuz im rich, that's the only...my booty
call it
Yeah, ...but she still ride my banana boat, she still ride
my banana boat

Now new nick name is banana throat, figure it out
I'm the one everybody here about, man you're just here

for now
So settle down, the is flow, you hear me now
I'm always up to something, I got goon in the house cuz
he my cousin
We got dollars by the dozens, but without you girl i'm
nothing

Everybody's on the floor, I can see your hands up
From the stage to the ...
Calvin harris on the deck
LMFAO's on the checks
We're the two in the place to be
The place to be, what's hapenning next
Baby you look so fine, I can tell that look in you eye
That mean me and you in the back room
What cross your mind, i'll bucket chain on my chest
Cuz i'm fresh to the death
And everyday i'm shuffling, i'm like a soldier with these
steps

It's only popping, that ain't no stopping
That place is knocking, the shots are dropping
Some of us came to celebrate, but most of us came to
get away

It doesn't matter what I say, don't matter what I do
Every little thing reminds me of you
It gets harder every day, I don't know what to do
Every little thing reminds me of you

Reminds me of you, reminds me of you, reminds me of
you (repeats)
