Brutal/beautiful  
Strung out/hung out  
Screaming sirens/scryscaper coffins  
Shambolic/chaotic  
Computer boffins  
Strip-tease traffic lights  
Cut throat beer fights  
Poison friends/fakers and takers  
Stoic spectators  
And you're all cold, cold heartbreakers  
Drunks slumped  
Cans tilted  
Lost yr mind in the violent crime  
Strobes and flashes/knife gashes  
Bright lights/jilted lovers  
Piss stains and splattered brains  
Corruption production/fag packets  
Prediction rackets  
You're all bribes and lies

Did you slip inside and get too low?  
Did you slip inside and wanna know?

Smashed up limbs/stifled screams  
A battle of lies/lightweight street fights  
Monday mourning/pungent yawning  
Inner-city casualty  
Science and technology battle against me  
I know there's something terminal eating away at me  
A vulture's nest  
Jesus, what a test

Did you slip inside and get too low?  
Did you slip inside and wanna know?

I used to fall in love with everyone I'd meet  
And then I realised it's murder out  
Murder on the streets  
Yeah I used to fall in love with everyone I'd meet  
And then I realised it's murder out on the streets  
Y'know it's murder out on the streets  
So don't fall in love with everyone you meet

Cos I know it's murder out on the streets  
Y'know it's murder out  
Murder on the streets.
