So they fired Union Workers
And literacy's down
David Cash is a free man
Hollywood's defining politics
A heel for a kick
Conform or be damned

He's got a gun in his hand
Now he feels like a man
But he's only in grade school
Still teaching your kids to hate
A black or a gay
Don't look up
Sky's falling down

And everybody's talking about
Sex in the white house
Sex in the white house
Sex in the white house
Sex in the white house

Cuts bleeding social security
More funds for the military
Millions have HIV
Scientists are breaking new ground
I wonder how Dolly is doing now
United States of AMedia
Distract We the People
From the fact we've been had
Repeat offenders are killing us
No system of Justice
And here comes a hurricane

And everybody's talking about
Sex in the white house
Sex in the white house
Sex in the white house
Sex in the white house

Mother Country
Uncle Sam

Do you even know who I am

Sex in the white house

Sex in the white house

Sex in the white house

Sex in the white house

Sex in the white house

It's just sex
