I got a thing for you, baby  
I got a thing for you, baby

Dark and lovely, no one above thee  
Ooh, girl, you really got it going on  
I wanna spank you, I wanna thank you  
You're the reason why I sing this song

Are roses red, are violets blue  
Who cares as long as I'm with you  
So girl, let's just run away, oh  
Where only the two us can play, girl  
Let's run away

You're sweet as honey, and just as sunny  
As a nice and warm afternoon  
Your smiling face, your love and grace  
Could light up any room

Now I won't flinch but I need a pinch  
To make sure I'm not dreaming  
Cause love like this don't come every day  
And I've got a couple of words  
That I'd like to say

Here's a little something  
That you should know  
I'm in L-O-V-E  
(Girl I'm so in love with you)  
I got a thing for you, baby  
(I've got a thing for you baby)

Here's a little something  
That you should know  
I'm in L-O-V-E  
(Girl I'm so in love with you)  
I got a thing for you, baby  
(I've got a thing for you baby)

Mrs. good stuff, oh, you're so tough  
You put some things on my mind  
Now don't desert me

But, girl, just hurt me with  
All the love you can find

Oh, baby girl  
My lemon drop, my lollipop  
Girl, candy must be your name  
'Cause your sweetness is my weakness  
And I'm damn sure nothing can beat this

I can't imagine, but since I met ya  
The sun does shine every day (everyday)  
No dreariness, or lonelieness  
Has darkened my pathway

I never wonder  
Cause my heart grows fonder  
Baby when we're apart  
Cupid must have hit the spot  
Shooting an arrow straight  
Through my heart

Here's a little something  
That you should know  
I'm in L-O-V-E  
(Girl I'm so in love with you)  
I got a thing for you, baby  
(I've got a thing for you baby)

Here's a little something  
That you should know  
I'm in L-O-V-E  
(Girl I'm so in love with you)  
I got a thing for you, baby  
(I've got a thing for you baby)

Some folks are just old-fashioned  
Other folks just want some action  
That's all they want  
? is looking for passion in the heart

Cause you and I will keep love alive  
And, baby, you know we should  
Never, never let it go

Alright now, sing it y'all  
I got a thang for you  
Sure nuff got a thang for you  
Girl, I got a thang for you  
Sure nuff got a thang for you

Here's a little something

That you should know  
I'm in L-O-V-E  
(Girl I'm so in love with you)  
I got a thing for you, baby  
(I've got a thing for you baby)

Here's a little something  
That you should know  
I'm in L-O-V-E  
(Girl I'm so in love with you)  
I got a thing for you, baby  
(I've got a thing for you baby)

And there's nothing they can do about  
I've got a thing got you, baby...
