#### VERSE 1

In the pursuit of acceptance  
I hope you know why I chose you  
See I cannot accept myself  
For all the things that you possess  
A nature true and beautiful  
By nature things I refuse  
So I will not get in your way  
Should someone less flawed take you away

#### CHORUS 1

You were  
My friend  
Long before this argument  
So I  
Won't mind  
I always knew that this would end

#### VERSE 2

I know I'm sounding like a cheap  
Made for TV film of the week  
But what sounds dramatised to you  
Means simply you're not in my shoes  
I've worn the soles  
I broke a lace  
I barely walk an old man's pace  
So I will not get in your way  
Should someone less flawed take you away

#### REPEAT CHORUS
