I can't hear a sound  
Can't see the world  
Can't feel the ground  
I can't look around  
Can't see the faces  
Through this cloud

I fade away into oblivion  
Every second I'm alive without you  
I fade away into oblivion  
Every second I'm alive without you

I can't sleep a wink  
Can't shut you out  
Can't even think  
I can't look away  
From the train wreck  
Can make a mistake

I fade away into oblivion  
Every second I'm alive without you  
I fade away into oblivion  
Every second I'm alive without you  
Without you

I am barely breathing  
The grip around my neck  
I am barely living  
And I won't make it back

You, without you  
Every second I'm alive without you  
You, without you  
Every second I'm alive without you

I fade away into oblivion  
Every second I'm alive without you  
I fade away into oblivion  
Every second I'm alive without you
