It came at the right place
It came at the right time
One thing I could never erase
But it gave me peace of mind
And now I'm going to fix this
I'm starting a new life
I'm headed for Texas
You're left to wonder why

Maybe I did it all because I wanted to...
Maybe I did it all because it needed to be done...
Maybe I did it all because they let me down...
Maybe I did it all for you.

There can be no rewind
There can be no rear view mirror
I'm starting to shutter
I'm starting to shake
I never said I was sorry...
But my heart aches

Maybe I did it all because I wanted to...
Maybe I did it all because it needed to be done...
Maybe I did it all because they let me down...
Maybe I did it all...
Maybe I did it all for you.

I gave until I was empty
I gave it all for free
But all of this is not for me
Cuz all of this is ugly
And all my hopes and all my dreams
May all have passed right over me
And all I said and all I did
May not have mattered in the end
But none of this means anything
Cuz nothing's ever as it seems

Maybe I did it all because I wanted to...
Maybe I did it all because it needed to be done...
Maybe I did it all because they let me down...
Maybe I did it all...

Maybe I did it all for you
