Sometimes in the evening
I call and she's not home
I can't stand the silence
So I turn on radios

I need the guidance
Of an am/fm stereo
Favourite appliance
My one and only

Chorus
And a pop song saved my life
Made my troubles harmonise
And I know I'll be alright
Yeah a pop song saved my life

Anytime she leaves me
Or anytime I'm left alone
I hate feeling empty
So I turn on radios

I need the guidance
Of an am/fm stereo
Favourite appliance
My One and only

Rpt Chorus

Middle 8
