You've been around for a long, long time, I've seen you here before  
You'll meet some guy who really turns you on  
And sneak out of the side door  
You'll never look my way I know, I ain't much to look at  
But one of these nights you're going home with me I'm gonna see to that

Well I'm just waiting out my time standing at the end of the line  
I got a lot of loving I'm saving inside for you  
Yeah, I'm just waiting out my time standing at the end of the line  
But you're gonna know that you've been loved when I get through loving you

You look right at me and smiled one time just last week  
And what one look from you did to me it kept me in my seat  
But you picked another guy to entertain you that night  
And I was left to entertain myself so I got into a fight

While I was just waiting out my time standing at the end of the line  
I got a lot of loving I'm saving inside for you  
Yeah, I'm just waiting out my time standing at the end of the line  
But you're gonna know that you've been loved when I get through loving you

Yeah, I'm just waiting out my time standing at the end of the line  
I got a lot of loving I'm saving inside for you  
Yeah, I'm just waiting out my time standing at the end of the line  
But you're gonna know that you've been loved when I get through loving you
