WHERE WERE YOU WHEN I WAS FALLING IN LOVE?

Lobo

Written by Sam Lorber / Jeff Silbar / Steve Jobe

When your eyes met mine,  
I knew that I had better play it cool --  
I'm doing my best trying to resist  
Cause I ain't no fool.

Where in the world did you come from baby?  
You waited just a little too long  
To look my way.  
Now it's a little to late.

Where were you  
When I was falling in love?  
I was looking for you, baby.  
Where were you  
When I was falling in love?  
Looking for you, baby.  
If I'd ever looked in those eyes before,  
We'd be together tonight I'm sure.  
Where were you  
When I was falling in love?  
Where were you  
Lost and looking for love?

If I'd have met you sooner,  
I'd be talking to you and playing the game.  
But the best thing for me to do  
Is get up and leave without knowing your name.  
It might have been something special, baby,  
Something only people in love could understand --  
Like this ring on my hand.
