Composer: Kent LaVoie

This mornin' when you kissed me
And got up out of bed
I moved into the very spot
Where you laid your head
I felt the warmth of your love move into me
And I knew you're all I'll ever need

As I lay there and I watched you
Getting ready for your day
The sunlight through the window
Put a glow upon your face
I felt your love spread out all inside of me
And I knew you're all I'll ever need

You are all I'll ever need
Dearer than the air I breath
You're everything that means a thing to me
You are all I'll ever need
That's what you are to me
You are love and you are life
You are all I'll ever need

Now I hear you makin' coffee
And you call out actin' sad
You say that if I don't get up now
That you just might get mad
But I hide my face underneath the sheet
And pretend to be asleep

Now you're laughin' as you jump on me
To tell me goodbye
You're hair smells just like sunshine
There's that somethin' in your eye
And the lovin' words I know you'll say to me
You're all I ever need

You are all I'll ever need
Dearer than the air I breath

You're everything that means a thing to me
You are all I'll ever need
That's what you are to me
You are love and you are life
You are all I'll ever need

Oh, you're all I'll ever need
Dearer than the air I breath
You're everything that means a thing to me
You are all I'll ever need
That's what you are to me
You are love and you are life
You are all I'll ever need
