Sucking like a crack hack  
Feeling like an 8-track  
Out of whack  
All the times a clucking no  
A suckit and a suckit  
I don't want to live with that  
And you don't want to take it back  
And i don't want to be a rat  
And you don't want a kitty cat  
Reaching for the phone ring  
Settle for the chump change  
Settle down  
Make it like a godsend  
Feeling like a has-been  
Remember when  
All the times a clucking no  
A suckit and a suckit  
All the times a clucking no  
A suckit and a suckit  
I don't want to live with that  
And you don't want to take it back  
And i don't want to be a rat  
And you don't want a kitty cat
