I'm not mad
I'm just bored
And everything I do is only because
There's nothing much else for me to do
And that includes you
Mess around with you

Piss away potential
Everyday is a waste
And I'm wasted everyday
There's nothing much else for me to do
And that includes you - and that includes you
Mess around with you

You see me now a little bit clearer
The face I make when I'm looking in the mirror

- it gives me away
The things that I say

You think you know where I'm coming from
The words I say when I'm playing dumb

It gives me away
It gives me away

One more thing before we go
I've stepped over everyone I know
Everyone I know

You see me now a little bit clearer
The face I make when I'm looking in the mirror

It gives me away

You think you know where I'm coming from
The words I say when I'm playing dumb

It gives me away
It gives me away
It gives me away

I'm always ashamed

I'm always ashamed
And that's the way to be
