Drawing a collective breath  
I could cry myself to death  
And wash this all away  
In a flash you were gone  
Leaving me a couple of songs  
That I listen to everyday

And I don't even care  
That you were so unfair  
I worshipped one time at your feet  
Save up our tears  
Catalogue all our fears  
Give into the stretching years

Your words hit me just last night  
When I saw it with the after sight  
What was on your mind  
Too late to ever change  
Things go a little bit strange  
You were too far behind

And the reasons I have to live  
Are the reasons that you would give  
To throw it all away  
Save and freeze up our tears  
Catalogue all our fears  
Give into the stretching years  
But that's ok

And I can't understand  
Why you folded with a winning hand  
And decided to throw the bet  
I just can't believe you'd leave  
With an ace sticking up your sleeve  
You could have paid off your debts

And I don't even care  
That you were so unfair  
I worshipped one time at your feet  
Never heard what was said  
All nerve ends are dead

Tinitus ringing in my head

Save and freeze up our tears  
Catalogue all our fears  
Give into the stretching years  
Drown in my tears  
Succumb to my fears  
Give into the stretching years  
But that's o.k.  
I'm not o.k.  
But that's o.k.
