People are crying. Why can't you hear?

People are dying. Why don't you fear?

Are you that important, you do not care?

I need you and you need me.

People need loving. Why can't you feel?

People are hurting. Why not help heal?

Are you that important, you do not care?

I need you and you need me.

CHORUS:

PEOPLE ARE CRYING.

PEOPLE ARE CRYING.

People are starving. Why don't you know?

People with sadness. What do you sow?

Are you that important, you do not care?

I need you and you need me.

CHORUS: (Repeat Twice)
