Well I got your late night call
You're in the center of it all
You're havin' a ball
And your really doin' fine
A west coast time
And I believe you

But here's one for the coast
The people with the most
The pretty, pretty folks
The west coast folks
Yeah here's one for the coast
The people with the most
The pretty, pretty folks
The west coast folks

And here we go again
It's never gonna end
We're all so sick of California songs
Yeah we know you love L.A.
There's nothing left to say
Please no more California songs
And fuck New York too

Yeah your heaven is a lie
Just more shit that I don't buy
Well they're headin' for the coast
They're movin' out in droves
Sendin' back reports on the radio
The message is the same
It's getting pretty lame
California dreamin's on the radio

And here we go again
It's never gonna end
We're all so sick of California songs
Yeah we know you love L.A.
There's nothing left to say
Please no more California songs
And here we go again
It's never gonna end
We're all so sick of California songs

Yeah we know you love L.A.
But there's nothing left to say
Please no more California songs
And fuck New York too

Alright (x's 9)

Here's one for the coast
YEAH
And here we go again
It's never gonna end
We're all so sick of California songs
Yeah we know you love L.A.
There's nothing left to say
Please no more California songs
And here we go again
It's never gonna end
We're all so sick of California songs
Yeah we know you love L.A.
There's nothing left to say
Please no more California songs (x's 5)
And fuck New York too
